Solicitor Directory

Executive Brief for MCB Leadership

March 2026

An initiative in association with the Muslim Council of Britain

THE PROBLEM

British Muslims cannot find Muslim-friendly legal help.

377%

surge in Islamophobia incidents (2023-24)

45%

of all religious hate crimes target Muslims

~12,000

Muslim solicitors in England & Wales

0

public searchable directories exist

Existing resources (muslimlawyer.co.uk, SolicitorConnect) are either dormant since 2019 or ineffective.

THE OPPORTUNITY

AskAdil is uniquely positioned to build what no one else can.

MCB Trust Signal

Association with the Muslim Council of Britain provides credibility no other platform can replicate.

AskAdil Chatbot

Users already describe their legal issue to AskAdil. We can match them to the right solicitor automatically.

First-Mover Advantage

Zero competitors in this space. No public Muslim lawyer directory exists anywhere in the UK.

Community Reach

500+ MCB-affiliated mosques and organisations as a distribution network for promoting the directory.

WHAT WE'VE BUILT

Research, technology, and documentation are complete and ready to execute.

Research

- 50 solicitor firms audited with verified contact details
- 43 Islamophobia legal resources mapped
- Geographic coverage across all major Muslim population centres

Technology

- AI outreach engine: researches firms, writes personalised emails
- Live on Railway: API + worker + database + Redis
- 222 automated tests passing, real email delivery verified

Documentation

- Monetisation strategy (freemium, self-sustaining at maturity)
- SRA compliance framework reviewed
- Outreach plan with templates, cadence, tracking

Three decisions to move forward.

1

Approve Outreach

Required

Authorise contacting 50 solicitor firms to invite them to the directory (free listing). Each email is AI-personalised and human-reviewed before sending.

2

MCB Endorsement Letter

Required

Provide a brief endorsement paragraph for outreach emails and the directory landing page. This is the #1 trust signal for solicitor response rates.

3

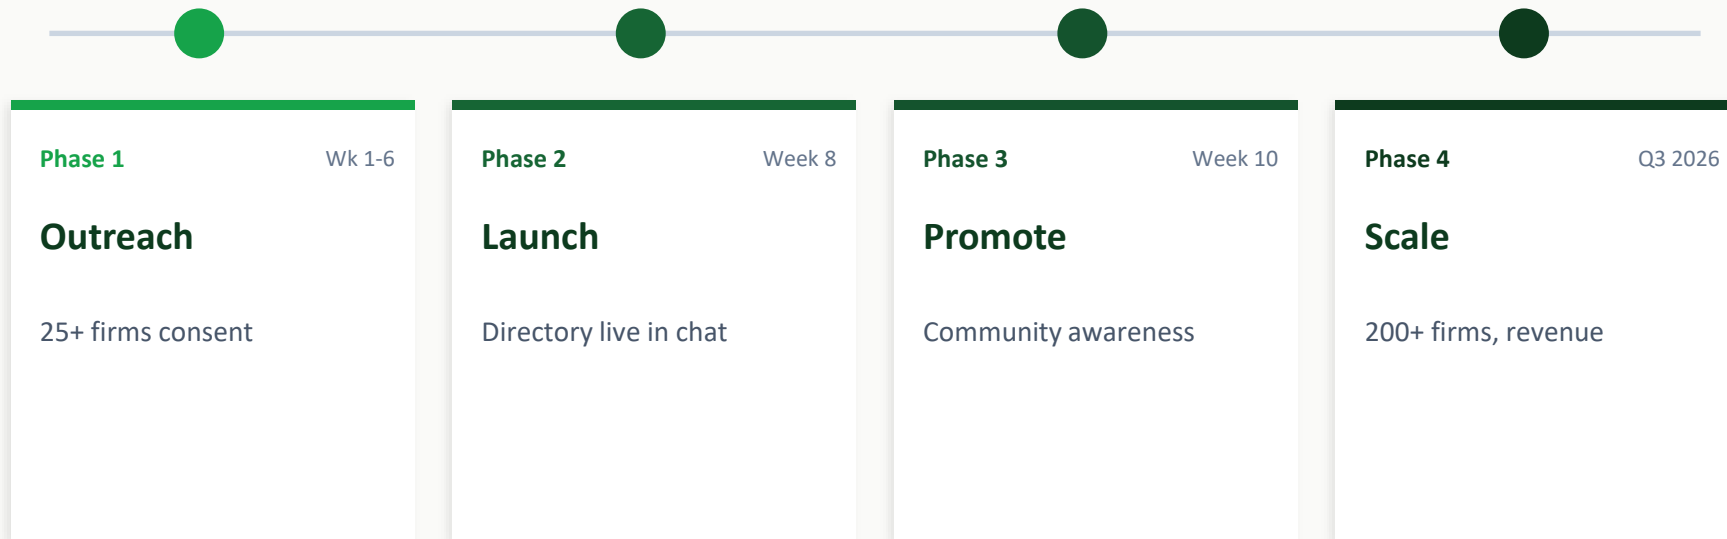

Promote via MCB Channels

Phase 2

Share the directory with MCB's network once 25+ firms are listed. Newsletter, social media, affiliate mosque networks.

PHASED APPROACH

From outreach to revenue in four phases.

Revenue potential at maturity: £250-350K/year (self-sustaining via freemium subscriptions + lead generation)

RISK & NEXT STEP

Risks are minimal and mitigated:

Risk	Mitigation
Low response rate	MCB endorsement + AI personalisation + follow-up cadence
Regulatory (SRA)	No PI referral fees. Disclosure compliant. Legal review planned.
Reputational	Every email human-reviewed. Dry-run tested. Professional tone verified.
Data protection	GDPR compliant. Public data only. Consent required. Right to removal.

One decision needed:

**Approve outreach with MCB endorsement.
Everything else is built, tested, and ready to execute.**
